## CSA 2024

Hi there! Thank you for inquiring about our Summer CSA Baskets!

Our program allows you to have direct access to the highest quality, picked that day, produce grown on our farm at a discounted rate. While most CSA's pick what you'll receive in your basket, we let you choose, this way you'll never get vegetables you don't like! Another different feature is that you can pick up any day of the week that works for you Monday – Sunday between 10AM and 4:30PM. It lasts 10 weeks, starting Monday, June 24th through Sunday, September 1st.

There are multiple options listed below for the CSA program. At your first pick up we will supply you with a bushel basket that you're responsible to bring back each week. Every week you will come with your basket to fill with a wide variety of vegetables grown on our farm. Fruit is not included in the basket because we grow a very little amount of fruit ourselves, BUT we do offer 10% off all fruit purchases for CSA members. In addition to that, you will also receive 10% off all other products sold in the farm stand during those 10 weeks. If you've never been in our stand, these products include but are not limited to – cheese, bread, dairy products, fresh local seafood (on weekends) and baked goods.

Never been to our stand? Just to give you an idea of what you might be eating all summer, we grow a large variety of; lettuce, kale, beets, tomatoes, corn, herbs, zucchini, squash, cucumbers, radishes, greens, cauliflower, broccoli, peppers, beans, carrots, garlic, onions and so much more

### **Extra! Extra!**

Every week we throw in either a bunch of fresh cut sunflowers from our fields or a plant – something to brighten your week!

### **Add on – Egg Share:**

We offer an option to add on either a half or full dozen eggs to your basket every week from our free-range hens on the farm. This add-on share sells out very quickly

## FAQ's

- **What if I go on vacation during the 10 weeks and can't come in?**

If you're unable to come in one week, we offer one (and one only) "add on" week to the end of those 10 weeks to make up for it. OR a friend or family member can pick up your veggies for you.

- **How will you know I picked up my vegetables if I don't have to check out?**

There will be a board in the farm stand with everyone's name in the CSA where you can check yourself off for each week

- **What's one of the best parts of your CSA?**

At the end of every CSA season we host a CSA farm-to-table dinner in our back greenhouse which is an evening filled with small plates made with our produce. A local winery provides tastings as well. Each member plus one guest is on us. This year, the dinner will be on Sunday, August 25th. We also offer a discount if you want to exclude the dinner from your share, more info below.

- **What if I don't go to the dinner?**

On the next page you'll see on the registration form there is an option to get a discount if you do not plan on attending our end-of-season dinner.

- **Is there a payment plan option?**

Yes! Please email me directly ([rose@andrewsfamilyfarm.com](mailto:rose@andrewsfamilyfarm.com)) to pay for your CSA share with a two-time payment plan

- **Can I get fruit with my share?**

Our CSA includes all of the vegetables we have to offer, but fruit is not included because we grow a small amount of fruit on our farm, and get the rest from neighboring farms. We do offer a 10% discount on all fruit purchases for our CSA members when they come in.

- **Why should I join a CSA?**

Joining a CSA program has many benefits to both the consumer & the farmer but to mention just a few, consumers have access to the freshest, in season produce all summer at a discounted price as well has a 10% farm stand discount, money is kept in your local economy, eating seasonally not only tastes better but also contains much more nutrients, reduces your carbon footprint because you're eating food from down the road rather than across the country. The benefits can go on & on.
